

Amendments to the Claims:

This listing of claims replaces all prior versions and listings of claims in the application:

Listing of Claims:

1-5. (Canceled)

6. (Previously Presented) A method of treating permeability failure in a subject, comprising: introducing into said subject a peritoneal dialysis fluid which includes a bis (indolyl) maleimide protein kinase C (PKC) inhibitor, thereby treating said subject.

7. (Original) The method of claim 6, wherein said inhibitor is LY333531.

8. (Original) The method of claim 7, wherein said LY333531 is present in said dialysis fluid at about 1-1,000 nM.

9. (Currently Amended) The method of claim ~~4~~ 6, wherein said dialysis fluid has a concentration of glucose of about 200nM.

10. (Currently Amended) The method of claim ~~4~~ 6, wherein said subject has previously received peritoneal dialysis.

11. (Currently Amended) The method of claim ~~4~~ 6, wherein said subject has been a peritoneal dialysis patient for at least 2 to 24 months.

12. (Currently Amended) The method of claim ~~4~~ 6, wherein said subject has already developed permeability disjunction.

13. (Currently Amended) The method of claim ~~4~~ 6, wherein said subject has not yet developed permeability disjunction.
